SOFT SKILLS

- Empathy and group skills
- Flexibility and adaptability

INTERESTS

- Bricolage and DIY
- Geography and history

My name is Leonardo, but I'm better known as Guz. I grew up in Busto Arsizio, where the smog caresses the soul and where the metropolis meets the desolation of the outside world; nevertheless, I still purse a search for wellness and joy in everyday life, persisting in my daily fight to bring excellence and beauty to the world and, above all, to express myself through my work (and maybe finding my essence in the meantime, why not).
